Thank you Mrs Sayed

I have learned a lot of things about how to run and handle the function of the organization. Every thing that I have learned in Business will enable me as a social worker as they do function effectively in the best environment.

What will I take from this class (with me)?

The fact that people learn more when they attend a class that is less stressful, because you are relaxed and can absorb more info.

Wanneer jy minder oespanning is ky jy meer oplos.
